

Chiropractic & Physical Therapy

Special G5® GK3® Package

Over the past few decades, with more than 100,000 G5® massage and percussion products sold worldwide, the G5® brand of products has been firmly established as part of the essential equipment of professional therapists in the fields of physical therapy, chiropractic medicine, sports and athletic training worldwide. We are pleased to offer these essential products to you at very special prices.

G5® GK3® with PRO+ Applicator Package

The G5 GK3 produces a gyratory massage therapy with a variable speed from 15 – 60 CPS (cycles per second). This non-invasive therapy treatment is ideal for stress reduction, increased circulation, myofascial release, sports injury rehabilitation, deep muscle therapy, trigger point reduction, treatment of muscle spasms, mobilization of fluids (lactic acid, edema, lymphatic, mucus) & the drainage of those fluids. Use the included AP209 adapter for percussion therapy. Comes complete with rolling floor stand, accessory tray, and special PRO+ applicator package. Normal list price with just the basic PRO applicator package is \$1650.

Special Sale Price with PRO+ Applicator Package - \$1,485.00
