
Protec PROGNOST XS

Mobile X-Ray Tables
A Basic, Economical Radiographic Solution

The **PROGNOST** line of mobile x-ray tables offers the ultimate in positioning flexibility, stability and versatility. The **PROGNOST** tables are designed for extreme stability and longevity, complimented with the maximum radiolucency from a table top that reduces radiation exposure for patients and extends the life of x-ray tubes.

The XS model is the latest addition to the **PROGNOST** line of tables. With a radiolucent fixed position tabletop measuring 77" (196 cm) x 25.75" (65.5 cm) at a fixed height of 30" (76 cm), the XS is suited for use with swivel U-arm systems for digital & classic radiography at an economical price. The XS may also accommodate some C-arm systems.

The **PROGNOST** tables are manufactured by Protec in Germany in compliance with DIN ISO 9001:2000, IEC, TUV, and CE quality standards.

*The **PROGNOST** X-Ray Tables set the standard today for mobile radiographic tables.*
