

# Cellutec®

## tell me about the G5™ Cellutec®

The **G5 Cellutec®** is a non-invasive therapy treatment for skin, scalp, tissue, muscles, lymphatic system, and the circulatory system. Extraordinary results are achieved with our exclusive Directional-Stroke® action which combines vertical and parallel forces to produce effective and comfortable percussion, oscillating massage, deep tissue mobilization, kneading/compression, skin layer resonance, and many more physical techniques. The **G5 Cellutec®** satisfies specialized client needs and enables you to offer high-demand services with dramatic results. A wide array of applicators provides aesthetic services such as cellulite reduction, exfoliation, lymphatic drainage, body contouring, skin toning and muscle relaxation. Comes complete with caster stand, accessory tray, comprehensive instruction manual and Spa Treatment applicator package. Continuously-variable speed: 20-60 CPS.

### Unit Advantages:

- Versatility: Pole, Table Top and Wall Mountable
- Portability: In-mold handle and smooth casters to easily move from room to room
- CPS Indicator on Control Panel
- Power-on Indicator Lamp
